

Basic settings

configuring basis settings

Becoming a super hero is a fairly straight forward process:

```
Enable
Configure terminal
Hostname S1
no ip domain-lookup
service password-encryption
enable secret admin
banner motd #
Unauthorized access is strictly prohibited. #
line con 0
password admin
login
logging synchronous
line vty 0 15
transport input ssh
exec-timeout 5 0
password admin
logging synchronous
login
exit
```

Password: admin
